### PRESIDENT SENDS FEDERAL EMPLOYEE GROUP LIFE INSURANCE PROGRAM FOR CIVILIANS TO CONGRESS FOR AUTHORIZATION

By Rector B. Meyer

The President has asked Congress to authorize a group life insurance program for civilian employees of the Government.

He proposed in a special message to Congress, a worker-employer contributory system along the lines common in private employment. He said the plan would cover all civilian employees of the legislative, executive and judicial branches except those excluded by their own request or for administrative reasons.

# A CALL TO ARMS

Humanity has cried for  
refuge from intolerance and  
wrong, hatred and oppres-  
sion on numerous occasions  
and the Father above has  
answered the call with a  
country - your country and  
mine - with a flag and a  
promise "Liberty and Jus-  
tice for All."

The 4th of July is not  
just another day or holiday  
but a reminder of alle-  
giance which we owe to a  
land so broad that its bor-  
ders might shelter and feed  
the world and where man is  
mindful of the urgent needs  
of others and shares with  
them his bread and freedom.

The flags are flying on  
this occasion with stars  
that represent the states  
and 13 stripes in honor of  
our gallant colonies. We  
are justly glad and proud  
of our victories - for ene-  
mies have come and gone and  
though we've paid the  
price, there has not been  
a single war we've lost.

Many of our boys have re-  
turned from fighting and  
are enjoying the home they  
dreamed of - they have their  
old jobs back and children  
are playing on the floor -  
there is a picnic on each  
4th of July or a family re-  
union - the things we  
fought for in reality!

Yet, there is a call to  
arms for a world democracy  
which is yet to be attained.  
Though the pattern is in  
our minds it has been em-  
bodied more in creed than  
in deed.

The thing the world most

needs today is not more  
wealth or gold nor greater  
funds to pay for stronger  
armies. No economic plan  
can cure world woes or de-  
crees or laws save us from  
our enemies.

Millions are longing for  
the day when "man's inhu-  
manity to man" will end and  
it is our urgent responsi-  
bility today to promote the  
principles of democracy,  
whereby two billion people  
can live together peaceably  
on a globe suddenly grown  
small through the achieve-  
ments of modern science.

## AMERICA'S CREED

The food that I share with  
others  
Is the food that nourishes  
me.  
The strength that I spend  
for others  
Makes me forever free.  
The pain that I ease in  
others  
Shall take away my pain.  
The load that I lift from  
others  
Makes my load disappear.

The good that I see in  
others  
My greatest good shall be.  
The love that I feel for  
others  
Comes back my love to  
cheer.  
The path that I walk for  
others  
Is the path God walks with  
me.--Author Unknown.

Chester Dotson, formerly of Dallas Fruit and Vegetable Division, reports that the weather in Puerto Rico is quite warm. Mr. Dotson left Dallas June 30, 1953 to work in the island state for at least two years.

\* \* \*

Keith Webster, Chicago, Illinois, is on temporary assignment at the Dallas Fruit and Vegetable Office relieving alternately Charles Lowthrop, Jr., and Tony Sirchia. Most of Mr. Lowthrop's vacation was spent fishing in South Louisiana, Arkansas and Possum Kingdom. A slight mishap occurred when his boat caught on fire, forcing Mr. Lowthrop and his wife to take an unexpected swim. Mr. Sirchia is dividing his time between Wisconsin and Louisiana.

\* \* \*

John H. Halverson, Poultry Division Office, recently returned from a vacation trip to Iowa and J. A. Bybee of the same office will visit Nebraska the last of June.

\* \* \*

A. J. Palazzo, Office of Entomology and Plant Quarantine, was transferred from Dallas to Hawaii effective June 1, and writes that everything is wonderful.

Mrs. Thelma Laney's trip took her to cool Colorado and Oklahoma, before she resumed her duties in the Office of Audit.

FEDERAL EMPLOYEE GROUP LIFE INSURANCE, ETC.  
(Continued from Page 1)

The attractive 7 billion dollar low cost life insurance plan has the indorsement of private insurance companies and the President stated:

"First, employees are better enabled by this low-cost life insurance protection to carry out their responsibilities to their families. Second, the plan is another essential element in the development of a comprehensive personnel program that applies to Government service the best practices of progressive private employers."

All employees automatically would be covered by the program, once it is enacted into law. However, employees who do not wish to participate will have the right to withdraw from the program within 31 days after the program became law. Similarly new Federal employees would also have the choice of participating in the program or not participating.

The insurance available to any employee would be an amount equal to the next thousand dollars above his annual salary. Example: An employee earning \$6,100 a year would be insured for \$7,000. An employee earning \$3,900 a year would be insured for \$4,000.00.

There is a double indemnity provision that would pay the beneficiaries of employees twice the amount of insurance in the case of accidental death.

FLASHES FROM HOUSTON

By Nancy Ryan

Thought it was December in June a couple of weeks ago when Mr. Fully Ware's face lit up like a Christmas Tree. True, he had reason enough - Mrs. Mary Greiss was in town and was going to drop by the office for a friendly visit. The visit has been slightly prolonged, much to everyone's satisfaction. Mary accepted a temporary appointment with us as Teletype Operator. Only one complaint from Mary - she would like a direct hook-up from Mr. Ware's desk to Mr. Pearlle Miller's desk. Surely would save

a lot of phoning and duty for the operators.

Ann Sockwell gave a big party at her house last Friday night. About ten of her friends from Program Operations attended and echoes around the office report a wonderful time. Since this was such a success we are looking forward to a "bigger" and "better" one next time.

Maybelle Shoemaker's cousin, Jo Ann Miller, is at present singing with Paul Whiteman's TV program, Sunday, six to seven o'clock as guest artist. Jo Ann will start on a regular TV broadcast in the early Fall.

Mary Rogers, PO, Rates & Services Division, has resigned and will accompany her husband to Butte, Montana. Mr. Rogers finished Mortician's School last Friday. We know Mary will be very happy in her new home since one of her daughters lives near Butte. We miss Mary very much.

No employee would have to pass a physical test to get the original insurance coverage. However, if he buys coverage for a time, then drops out, and later applies for coverage, he would be subject to a physical examination.

Employees would pay a maximum of 25 cents for each of the 26 pay periods for each \$1,000 of insurance coverage. Premiums would be collected by the pay roll deduction method.

Government would pay a maximum of 12½ cents every two weeks as its share. This money would come out of the appropriations of individual agencies. The program would cost the Government \$22.7 million a year.

The insurance will be written by private insurance firms. Each company's participation will depend on the amount of group life insurance business now done by each of them.

The insurance becomes payable upon the death of the employee. Payment would be made in this order of preference: Designated beneficiary, widow or widower, children, parents, estate, next of kin. (Federal Civil Service Biweekly Newsletter, dated 5/26/54)

FRIED CHICKEN  
AND ICE-CREAM  
ON PLENTIFUL LIST

What could be better in July than fried chicken and ice-cream? When July is spoken you almost instantly think of picnics and the next impulse to the brain is almost always fried chicken and ice-cream; so you should be able to enjoy your favorites at reasonable prices this month as the special features announced by our Agricultural Marketing Service for the Plentiful Food List are ice-cream, broilers and fryers - and by the way when you think of out-door life in the summer your thoughts are not far from barbecued chicken.

According to some authorities this year marks the 50th anniversary of that particularly American invention - the ice-cream cone and what an invention! It may have been invented with the children in mind but its popularity quickly spread to the adult sphere also and how refreshing a nickel's worth of ice-cream can be.

The ice-cream cone, cup or sandwich for out-of-hand eating or ice-cream in bulk for home use, or as a dessert or snack - any of these are your friends and can make friends for you. So be a pal to ice-cream during the hot-weather months.

A certified copy of the Resolutions was forwarded to the Dallas Office by Stephen Pace, General Counsel of the Southeastern Peanut Association, Americus, Georgia and reads as follows:

R E S O L U T I O N S

"BE IT RESOLVED by the 36th Annual Convention of Southeastern Peanut Association in regular session this 15th day of June, 1954:

That we express to Mr. C. H. Moseley, Director of the Dallas Commodity Office, and to Mr. E. E. Dennard, Peanut Marketing Specialist of that office, and to the employees of the entire office, our sincere appreciation of their attendance upon this Convention, for their many conferences with the committees and members of this Association, for their sincere and constant efforts to carry out the duties of their offices in an efficient, fair and impartial manner, and for their uniform courtesies to all members of this Association."

"I certify that the foregoing resolution was adopted by unanimous vote by the 36th Annual Convention of Southeastern Peanut Association held at the Monte Carlo Hotel, Miami Beach, Florida, on June 15, 1954."

praise for the loyalty and perseverance they had shown during ten years of faithful service. Mrs. Marguerite Hawk, Personnel Employment Officer, and Rector B. Meyer, Chief of the Administrative Staff, also spoke words of appreciation. C. H. Moseley, Director of Dallas CSS Commodity Office, was out of the city.

The ten years speak for themselves in proving the advantage of length of service to the employees as most of the recipients are

now of higher grades and most have gone up through the ranks.

Those receiving the awards were Clara Mae Canefax, Martha B. Chamberlain, Irene C. Cox, Virginia F. Ellenberger, Grady Huffman, Charles D. Jarvis, Louise G. Menard, Thelma G. Owens, Janet Smith, Henry G. Sundahl.

Entitled to awards but not present were Harold G. Barnes, Thelma G. Neely, Ruth R. Shields and Robert W. Hines. Such awards were handed or mailed them at a later date.

# CHANCELLOR-COTTEN WEDDING

Miss Nancy Carolyn Chancellor became the bride of Dr. Stonie Ray Cotten June 27, 4:00 p.m., in the chapel at Cliff Temple Baptist Church, Tenth and Beckley Avenue. The ceremony was performed by Dr. Wallace Bassett. Music was presented by J. B. Christen, Jr., Miss Phyllis Depp and Gus L. Berry, Jr. The couple's only attendants were Mrs. Charles Jennings, Matron of Honor and Dr. H. C. Chancellor, brother of the bride - bestman.

The bride is the daughter of Mr. and Mrs. H. C. Chancellor, Sr. (our own Lola A. Chancellor) 714 North Windomere, Dallas, and the groom is the son of Mrs. Dora Cotten of Waco. Reception was held in Mead Hall following wedding services.

Both bride and groom are graduates of Baylor University, Waco. Dr. Cotten finished Baylor University College of Medicine, Houston and has served his internship in Veterans Administration Hospital, Houston, where he will remain as resident in orthopedic surgery.

# THINK IT OVER (Quoted by Yvonne Kile)

Nothing is lost upon a man who is bent upon growth; nothing wasted on one who is always preparing for his work and his life by keeping eyes, mind, and heart open to nature, men, books, experience. Such a man finds ministers to his education on all sides; everything co-operates with his passion for growth. And what he gathers serves him at unexpected moments in unforeseen ways.  
--Hamilton Wright Mabie

Have patience. All things are difficult before they become easy.--Saadi

If he who takes the wheel would say a little prayer,  
And keep in mind those in the car dependent on his care,  
And make a vow and pledge himself to never take a chance,  
The great crusade for safety then would suddenly advance.-- S. Sam Taylor

If I had the opportunity to say a final word to all the young people of America, it would be this: Don't think too much about yourself. Try to cultivate the habit of thinking of others; this will reward you. Selfishness always brings its own revenge. It cannot be escaped. Be unselfish. That is the first and final commandment for those who would be useful and happy in their usefulness.--Charles W. Eliot

Nothing is troublesome that we do willingly.--Thomas Jefferson

## TRY TOMATOES EVERY DAY

Tomatoes are not only appetizing but they can make your table attractive. Try stuffed tomatoes often. Cut them in slices and quarters and adorn a lettuce leaf. Tomato salads are so easily fixed and so inexpensive compared with other kinds, so let tomatoes be your helper during the special season. Wrap one up for your lunch. Enjoy tomato juice morning, noon and night. It is very healthy - containing many vitamins. Be a tomato eater!

DID YOU KNOW? (CSS Items)

THAT C. H. Moseley, Director, Dallas CSS Commodity Office, combined a little pleasure with his recent business trip to Miami Beach? He visited the Mobile Port Elevator on the trip, where a substantial amount of our soft wheat is exported.

A large Spanish passenger ship was being loaded with wheat while he was there. He had the privilege of going aboard and visiting the 400 passenger Spanish liner, which is one of the first ships Spain has built since World War II.

Mr. Moseley would be entitled to have the swell head over this and the Resolutions passed at the convention commending him personally but he isn't that type. We are proud of Mr. Moseley.....

Who is any busier than Mr. Meyer? You have noticed how nice the printing of the USDA Club News looks. Mr. Meyer lets his busy secretary, Stazie Athas, cut the multiliths on occasions and then sometimes he helps her proof them. That's a real sport!.....

FOR KIND REMEMBRANCES  
HONORING HIS PARENTS

Roy (Hutch) Hutchison expressed his sincere appreciation today to members of the USDA Club for their kind remembrances of his parents on the occasion of their 50th Wedding Anniversary on June 20.

Many telegrams, cards, gifts and flowers were received from members of the Club and fellow workers.

More than 175 friends and relatives paid tribute to Florence and Arthur Hutchison, parents of Roy A. Hutchison, CSS, on their Golden Wedding Anniversary at their home in Denison, Texas.

The Hutchison home was decorated throughout with baskets of gift flowers. An unusual flower arrangement of garden flowers sprayed with gold sent by some of the employees of the Commodity Office was one of the many floral gifts.

The refreshment table was laid with a cream lace spread over gold satin cloth centered with an arrangement of gold glad-oli flanked with triple candelabra holding gold tapers. The three tiered wedding cake was decorated with a golden arch with golden roses and a 50 Year inscription. Punch was served from a crystal set.

Why not try turning in a helpful suggestion about your work? You must have some ideas for improvement.

Those making nominations should submit in writing the name of the person to be considered and outline clearly the services he has performed and state reasons why, in the opinion of the person making such nomination, this person would be entitled to be selected as "Honor Member."

A nomination may be submitted by any member of the Club. Nominations should be mailed to G. R. McPherson, Chairman, Certificate of Merit Committee, Dallas USDA Club, 2nd Floor, 3306 Main Street, Dallas 26, Texas, not later than July 30, 1954.

Anastasie Athas and husband enjoyed a vacation stay recently in Little Rock, Arkansas.

Mr. Meyer and wife recently returned from their vacation in Norfork, Arkansas.

We understand the fishing at Bullshoals Lake was terrific! Mr. Meyer returned home with a big mess of fish! We're a bit skeptical as to whether he BOUGHT 'EM or CAUGHT 'EM. At any rate congratulations!

Michael Kile, age 6, and Wayne Kile, age 4, recently enjoyed the thrill of their first train ride on their vacation trip to Phoenix.

Mother, Yvonne reports among all the sights and places they saw (Mountains, Jerome, World's largest Ghost town, deer, wild cat, and a real Indian from the Hopi reservation) the one thing they couldn't get over was the big hole in the ground (Grand Canyon).

The trip was grand and Mother survived.

Norma Collins has returned from a vacation spent in Denver. She threw snowballs while we poor folks at home were sweltering in 100 degree weather.

Ruth Wood is vacationing in California. She flew there for a two weeks vacation. Ruth is always missed as she is everybody's friend.

"BOB" HARDIN'S BIRTHDAY

By J. LaRue Burroughs

Robert A. Hardin of the Cotton Division, affectionately known as "Bob", celebrated his 66th birthday on June 29th. His friends in the Area office and the Dallas Classing office furnished ice cream and cake.

"Bob" had some difficulty blowing out 66 candles and it is expected that the color picture made at the full velocity of the blow will be rather distarted. "Bob" came to Greenville, Texas from Hardin County Tennessee and wore his first pair of shoes on the trip at the age of 12. He came with the Cotton Division in 1927 with an extensive background in the cotton business that took him to all parts of the United States, Japan and China.

In 1943 "Bob" was assigned to the Dallas Classing office after a long assignment at Houston. He is considered an expert on grade and staple.

Everyone wished "Bob" many happy returns of the day and many more happy birthdays.
